SUMMARY

Enterprise and Commercial Account Executive with 10+ years of complex B2B sales experience, including 4 years driving data-led SaaS, digital transformation, and automation solutions. Proven track record running full-cycle, multi-threaded deals with 6–9+ month sales cycles, engaging C-suite, VP, procurement, and technical budget holders across blue-chip brands, NHS Trusts, and major contractors. Combines deep vertical expertise across construction, specification, and digital marketing with technical capabilities in Python, advanced Excel data modelling, CRM systems, and automated prospecting workflows. Consistently overachieves revenue targets through consultative, value-led discovery and aligning software solutions to buyer operational ROI.

WORK EXPERIENCE

Account Executive / Account Manager – SaaS & Digital Solutions, Think VEN — Sep 2022 - Present
London, United Kingdom

- Owned the full-cycle commercial sales motion from self-sourced outbound pipeline generation to contract close, securing high-value software, analytics, and digital transformation contracts exceeding £100k ARR.
- Consistently surpassed annual revenue targets across multi-year sales cycles by deploying multi-threaded account-based strategies targeting C-suite and VP marketing and technology leaders.
- Grew high-intent pipeline volume by 30% through blended outbound sequences, hyper-personalised messaging, and custom Python automation scripts that identified competitive spend and keyword gaps.
- Managed 6–9+ month enterprise sales cycles through structured discovery, business case formulation, and RFP defence, securing long-term recurring revenue streams with blue-chip accounts.
- Partnered directly with client engineering and marketing heads to articulate technical ROI, demonstrating how data automation workflows drove measurable campaign efficiency and a 15% uplift in return.

Sales Manager (Head of Division), The Floor Hub — Feb 2019 - Aug 2022
London, United Kingdom

- Directed commercial sales and project acquisition for the UK division, delivering consistent month-on-month and quarter-on-quarter revenue target overachievement across commercial real estate, main contractors, and public-sector estates.
- Built and executed enterprise account plans across Tier-1 contractors, specifiers, and commercial design practices, driving 20% year-on-year growth across key accounts.
- Navigated complex, multi-stakeholder procurement and tender processes, ensuring specifications were maintained and protected through the construction design-and-build phase.
- Engineered custom data-driven forecasting models in Excel to evaluate pipeline velocity and deal-stage leakage, improving quarterly forecast predictability by 15%.

Business Area Manager, Forbo Flooring Systems — Sep 2017 - Jan 2019
Southern Team, United Kingdom

- Drove 15% revenue expansion across the southern territory for a global manufacturer, targeting high-value commercial, public-sector, and healthcare developments.
- Closed 8 new major enterprise partnerships by multi-threading complex stakeholder groups including lead architects, project specification managers, principal contractors, and procurement boards.
- Designed and hosted executive stakeholder engagement programmes and commercial site tours, shortening enterprise project sales cycles and securing specification sign-offs.

Key Account Manager / Contract Sales, Polyflor Ltd — Feb 2016 - Aug 2017
London, United Kingdom

- Promoted from Contract Sales to Key Account Manager following sustained quota overachievement across enterprise accounts in commercial, education, and NHS Trust estates.
- Generated 20% annual account expansion while sustaining a 95% client retention rate through proactive contract management, structured cross-selling, and supplier framework compliance.
- Coordinated multi-facility deliveries and supply-chain logistics for critical healthcare estates, including multi-site NHS installations, maintaining operational continuity during ongoing works.
